Flash Memory Cards

Flash memory cards are the most popular removable flash storage devices for storing and transporting information - pictures, music, video or data. PQI is a licensed manufacturer of CompactFlash®, Secure Digital and miniSD™ cards. We also manufacture the MultiMediaCard™, the RS-MMC, and distribute the Memory Stick PRO™, xD-Picture Card™ and SmartMedia™.

PQI is nicely situated for providing flash memory cards to a mass market looking for quality and performance at competitive prices.

Compact Flash®

CompactFlash® is one of the most popular removable flash memory cards. Available in capacities from 64MB to 4GB and speeds from 3.6MB to 15MB per second, PQI CompactFlash® cards are manufactured to meet specifications set by the ComapctFlash® Association and are compatible with all CompactFlash® digital devices. Whether a beginner or a professional, our cards are ideal for any need.
